
Fire Hose Cabinet

FIBERGLASS FIRE HOSE CABINET ITEM NO. 11-021R (Red), 11-021Y (Yellow), 11-021 (White)

This fire hose cabinet has set a standard for the industry. The door has glass knockout and opens 180° for quick access. It is constructed of high gloss, long lasting fiberglass with a gel-cote finish, 1/8" minimum thickness. Holding 100 foot fire hose rack assembly with room for a fire extinguisher up to 10 pound size, it is equipped inside with 2"x 6" structural wood verticals for rack installation. While the standard cabinet color is yellow, it is also available in red. We strongly recommend yellow as red has a tendency to fade. A coat of polish once a year will keep its good looks for years to come. We do not include the glass as it usually breaks during transportation. We recommend that you purchase tempered glass locally. However we can supply glass if you need it.

The cabinet can be placed dockside and free standing by securing at the base to the deck or placed against a wall for an even more secure installation.

Available in Yellow, Red, or White.
