

Dockmate® Marina Power Center

DOCKMATE® MARINA POWER CENTER ITEM NO. 12-008

Features:

- UL listed and CSA certified
- VALOX® thermoplastic enclosure and internal components are corrosion resistant
- Factory wired power receptacles are available in 20 amp, 30 amp, or 50 amp locking type configurations protected by thermal magnetic circuit breakers
- Hinged cover closes over plugs and cords, while providing a positive latch feature
- Easy to wire terminal lugs accept up to 1/0 copper or aluminum cable
- Optional 7 watt fluorescent light illuminates receptacle for easy nighttime plug-in, while providing accent and security lighting for the dock area. Light circuit is protected by an in-line fuse
- Photoelectric light sensor option automatically turns light on and off
- Telephone and Cable TV jack accessory kits mount easily in power center giving your installation a neat and uncluttered appearance
- Integral electronic metering
- Prismatic lens on units with lighting options
